SUMMARY

Motivated IT undergraduate with a strong interest in Quality Assurance and software testing. Have a good understanding of the Software Development Life Cycle (SDLC), manual testing, and automation testing, with experience in creating test scenarios, test cases, and identifying defects. Strong analytical thinking, attention to detail, and problem-solving skills, with a passion for learning new testing tools and technologies and ensuring reliable, high-quality software.

PROFESSIONAL EXPERIENCE

Bank of Ceylon — School Leaver Trainee

11/2023 – 05/2024

- Supported daily banking operations with accuracy and attention to detail.
- Assisted with administrative and customer service activities.
- Handled documents and information according to procedures.
- Developed communication, teamwork, time management, and problem-solving skills.
- Adapted to a professional and collaborative work environment.

EDUCATION

Sabaragamuwa University of Sri Lanka, BSc (Hons) in Computing and Information Systems

2024 – Present

Mahinda Rajapaksha College - Homagama, G.C.E Advanced Level Physical Science Stream

2020 – 2022

TECHNICAL SKILLS

Testing & QA Tools

Selenium, Postman, JUnit, Playwright, GitHub Actions

Languages & Frameworks

Java, JavaScript, HTML/CSS, React Native, Node.js

Testing Skills

Manual & Automation Testing, Test Case Design, Regression Testing, API Testing, UI Testing

Databases

MongoDB, Firebase, MySQL

Development & Collaboration Tools

Git, GitHub, VS Code, Jira, Figma

Business & Productivity Tools

Microsoft Excel, Google Workspace, Microsoft Teams, Google Colab

CERTIFICATIONS

Web Design for Beginners

CODL - University of Moratuwa

Agile Scrum Master

Simplilearn

AWS Cloud Essentials

AWS Training & Certification

Introduction to management

Great Learning Academy

Software Testing full course

Cursa

Software Testing with Generative AI

Simplilearn

Business Analysis & Process Management

coursera

AWARDS

WINNER - Hackora 2026, Sabaragamuwa University of Sri Lanka

1st Runners Up - AlgoArena 2025, Leo Club of University of Sri Jayewardenepura

Finalist - Hack Like a Girl 3.0!, SLASSCOM

Finalists - HackElite 2.0, IEEE - University of Moratuwa

Finalist - MoraExtreme 10.0, University of Moratuwa

Finalists - D'Hack 2025, University of Jayewardenepura

PROJECTS

E-Commerce Platform - Manual Testing (Individual project)

Manual Testing | Test Cases | Test Scenarios | SDLC | Bug Reporting | Excel

Analyzed application requirements and designed structured test scenarios and test cases to validate key functionalities such as login, product selection, cart operations, and checkout.

Documented test results and defects with clear descriptions, expected results, actual results, and supporting evidence to ensure effective defect tracking.

IEEE CompConnect – IEEE Student Collaboration Mobile Application (Group Project)

React Native | Expo | Firebase | Firestore | Node.js | Figma | Cloudinary | GitHub

Developed a cross-platform mobile application to support IEEE student branches through features such as event management, competitions, groups, messaging, branch discovery, and personalized content.

Contribution: UI/UX design using Figma, frontend development using React Native, feature testing, debugging, and improving application usability and functionality.

LeoConnect Sri Lanka (Group Project)

React Native | Node.js | Express.js | Firebase | MongoDB | Google Authentication | Figma | Git & GitHub

Designed and developed a verified digital platform connecting Leo members across Sri Lanka for communication, project sharing, event management, and collaboration between clubs and districts. The platform improves member engagement, information sharing, and visibility of Leo activities.

Contribution: UI/UX design and frontend development, including designing user-friendly interfaces, implementing responsive mobile screens, and performing UI improvements and usability testing.

Lanka Coexist Guide - UI/UX Design (Group Project) *Figma | UI/UX Design | Prototyping*

Designed a smart eco-focused mobile application that promotes wildlife conservation, environmental awareness, and safer human-wildlife coexistence. The app enables users to report environmental issues, access wildlife safety information, and take eco-friendly actions.

Dress AR - UI/UX Design(Group Project) *Figma | UI/UX Design | Prototyping | AR Concept Design*

Designed an innovative AR-based fashion shopping solution that allows users to visualize dresses as interactive 3D models, providing a more engaging and immersive online shopping experience.

VOLUNTEERING EXPERIENCES

Treasurer - SDG project  *, Rotaract Club of Sabaragamuwa University of Sri Lanka*

Programe Team lead - "Vesak Verse '26" AI Digital Art Competition 

IEEE - Sabaragamuwa University of Sri Lanka

Secretary Team - InnovateX 1.0, IEEE Computer Society Chapter - Sabaragamuwa University of Sri Lanka

SOFT SKILLS

- Analytical & Critical Thinking	- Problem Solving	- Communication Skills	- Teamwork & Collaboration
- Adaptability & Quick Learning	- Responsibility & Accountability	- Time management & Prioritization	- Leadership
